Yes, that would be great! Thank you, Steve. The instructions for how to submit info are in Enclosure 2, which is on the website. Have a great holiday!!

Hi Jill,

Is this something I should be trying to share widely with the OA research community at OSU? I am not sure how these processes work - but would be happy to try and gather relevant data/expert opinions if it would be helpful.

Thanks,

Steve

Subject: OA public comment period

Hi all,

Just fyi, R10 just took a partial approval/partial disapproval action on Oregon's 2012 303(d) list. As part of this action we are requesting public comment, data and information about possible impairments to aquatic life due to ocean acidification. You can review our request (and all the other docs related to our PA/PD) at:

<https://wcms.epa.gov/tmdl/partial-approvalpartial-disapproval-oregon-2012-303d-list>

The OA solicitation is Enclosure 2. Let me know if you have any questions about it. Thanks.
